Monthly Activity Report

November 2009

1. The Center for Terrorism Law has finalized the agenda for its next national legal conference which will be entitled *Cyber Security: Legal and Policy Issues for National Security, Law Enforcement, and Private Industry*. The first of its kind conference presents a unique opportunity for leaders in law enforcement, Department of Defense, Department of Homeland Security, and the business community to receive critical information on the full range of issues – legal and policy – related to cyber security. The two-day conference will be held from **March 18-19, 2010, at St. Mary's University School of Law, San Antonio, Texas**. Two keynote speakers - **Major General Richard Webber, Commander, 24th Air Force** (cyber command) and the **Honorable Mayor Julián Castro, Mayor of San Antonio** - will lead off a series of presentations by internationally recognized subject matter experts. Because of the nation's dependence on the cyber world, cyber security is a matter that directly impacts all levels of society. Not only will attendees receive information on the latest developments regarding the threat posed by cyber attacks, the conference will also concentrate on identifying all of the myriad legal and policy challenges associated with national security, law enforcement, and business continuity. In addition, participants will receive actionable information regarding cyber security solutions and future trends to include the need for increased cooperation between DOD, DHS, law enforcement, and the public sector. **Early bird registration is \$150.00** and further information can be found on the CTL website www.stmarytx.edu/ctl or via Ms. Faithe Campbell fcampbell@stmarytx.edu. Seating is strictly limited to 200.
